Velox Cargo Corp. (“Carrier”) is a U.S. based Non-Vessel Operating Common Carrier (“NVOCC”) and Freight Forwarder licensed by the Federal Maritime Commission (FMC).

NOTICE TO TARIFF USERS

Carrier has opted to be exempt from rate tariff publication requirements pursuant to 46 C.F.R 520 and 532. In this respect Carrier has opted for the exclusive use of Negotiated Rate Arrangements (“NRA”) and NVOCC Service Arrangements (“NSA”).

As used herein the term “Customer” refers to the Shipper, Consignee or owner of the Goods who engaged Carrier’s services pursuant to an NRA or NSA.

Negotiated Rate Arrangements (“NRA”): An NRA is a written and binding arrangement between Customer and Carrier to provide specific transportation service for a stated cargo quantity, from origin to destination, on and after receipt of the cargo by Carrier or its agent (originating carrier in the case of through transportation). Carrier may issue written quotations, booking confirmations, e-mail communications and other writings with applicable rates and charges for the shipments subject of the NRA. The Customer’s booking of cargo after receiving the terms of the NRA or NRA amendment constitutes acceptance of the rates and terms of the NRA or NRA amendment and binds the parties. The terms contained in the NRA writings shall be a valid offer for 30 days (or a date agreed to by the parties) from the booking date, unless otherwise rescinded by the Carrier prior to receiving Shipper’s cargo. Carrier’s or Carriers’ agent’s receipt of the cargo for this shipment constitutes final acceptance by Customer of the offer, and the terms of the NRA binds the parties. All applicable origin and destination local terminal and/or port charges apply to all NRAs. Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation). For any pass-through charge for which a specific amount is not included in the NRA or the rules tariff, the NVOCC may invoice the shipper for charges the NVOCC incurs, with no markup. The NRA may list the additional surcharges or assessorial charges, including pass-through charges, or reference specific surcharges or assessorial charges in the NVOCC’s rules tariff. Service under an NRA is subject to this rules tariff unless otherwise indicated.

NVOCC Service Arrangements (“NSA”): An NSA is a written contract, between Customer and Carrier, in which Customer makes a commitment to provide a certain minimum quantity or portion of cargo or freight revenue over a fixed time period, and Carrier commits to a certain rate or rate schedule and a defined service level. The NSA may also specify provisions in the event of nonperformance on the part of any party. Please note that NSAs must have a minimum volume, a fixed time period, agreed rates and a defined service level. NSA can contain provisions in the event of non-performance, such as liquidated damages, if Customer fails to meet a minimum volume commitment. NSAs must be agreed in writing between the Carrier and Customer. NSAs can be amended by mutual agreement. Service under an NSA is subject to this rules tariff unless otherwise indicated.

This must be provided within the documentation cut-off time provided by the Carrier.

In the event Shipper fails to comply with the above obligations, the Shipper is liable to Carrier for, and will hold the Carrier harmless from, any loss, damage, delay, expense, charges, fines, penalties, or liability incurred by, or levied upon, Carrier or the goods, including but not limited to demurrage, roll-over and/or storage charges, as a result of Shipper's non-compliance with this rule. In addition, Carrier reserves the right to levy a Late Documentation Charge.

Rule 5 – Advanced Manifest Charge (AMS)

For the processing and on-going monitoring of relevant cargo manifest data which has to be provided to CBP for cargo loaded on a vessel at a non-US port, a Security Manifest Documentation Charge is payable to Carrier for each bill of lading issued by Carrier or, if the shipper tendering the cargo to Carrier has issued one or more of its bills of lading for such cargo (sometimes referred to as "house bills of lading"), on each such shipper-issued house bill of lading for which Carrier submits such data to CBP. This charge is payable on the same basis as the ocean freight for the relevant bills of lading issued by Carrier (i.e., either prepaid or collect). In the event of non-payment of the charge, Carrier may collect the amount due from either the shipper or consignee named in its bill of lading.

Certain of Carrier's charges to Customers are based on rates charged to Carrier by third parties, such as terminals, public authorities and vessel operating carriers. From time to time, these third parties impose surcharges on Carrier in a manner that prohibits Carrier from providing thirty days' notice of the increase. When Carrier passes these increases through to Customers without mark-up, they will be established in this Rules Tariff or in the applicable NRA or NSA by amendment with an effective date matching the effective date of the underlying service provider. Although Carrier will endeavor to advise Customer of these pass-through charges as quickly as possible after it receives notice, they may, in some cases, take effect immediately upon the effective date of the underlying third party's publication.

Customer represents and warrants that the export jurisdiction and classification of the Goods is correct and that it will immediately notify Carrier in writing of any changes to such information. Pursuant to the foregoing, Customer will furnish such information and attach documents to the Bill of Lading as may be necessary to comply with all applicable laws. Customer will defend, indemnify, and hold Carrier harmless against any and all claims, losses, or damages arising from the conduct of Customer and any of its officers, directors, employees, agents, owners, shareholders, or other persons acting for or on behalf of Customer that constitutes a violation of Customer's obligations, representations, or warranties contained herein.

Rule 33 – Bill of Lading Terms and Conditions

1. The following terms used in this Rules Tariff have the meanings set forth below:
 - "Carrier" means Velox Cargo Corp., on whose behalf this Bill of Lading has been issued as indicated on the face hereof, whether acting as carrier or bailee.
 - "Carriage" means the whole or any part of the operations and services described by this document as undertaken by or on behalf of the Carrier in respect of the Goods.

- “Container” means any container (closed or open top), trailer, transportable tank, flat rack, pallet, skid, drum or any similar article of transport.
- “Dangerous or Hazardous Goods” means Goods classified, designated or described as dangerous by any statute, regulation, or the Dangerous Goods code issued by the International Maritime Organization and also includes any Goods which are or may be unstable or present a hazard or danger to the conveyance in which they are carried or to other property, goods or any person, whether or not the Goods are identified as dangerous by any authority.
- “Goods” means any and all property (cargo) described on the face hereof or on an attached or referenced manifest, to specifically include live animals as well as containers, pallets or similar articles of transport or packaging not supplied by the Carrier, irrespective of whether such cargo is to be or is carried on or under deck.
- “Merchant” means and includes the shipper, consignee, receiver, holder of this document, owner of the Goods, person entitled to the possession of the Goods, and any person, corporation, company or other legal entity having any interest in the Goods, or anyone acting on behalf of any such person or entity.
- “Multi-Modal Transportation” means and refers to Carriage of Goods under this Bill of Lading which includes both Carriage by a Vessel and Carriage by one or more inland (surface) motor and/or rail carriers.
- “Subcontractor” means all direct and indirect subcontractors of Carrier and their respective subcontractors, servants and agents, including vessel operators, motor and rail carriers, warehousemen, stevedores, and container freight stations.
- “Vessel” means and includes the vessel set forth on the front page hereof, as well as any other vessel, ship, craft, lighter or other water conveyance used to perform the Carriage or upon which the Goods are loaded for any purpose.

2. Force and Applicability

These Bill of Lading Terms and Conditions apply to all modes of Carriage utilized to transport the Goods, and the Carrier’s responsibility to the Merchant for the Goods terminates at the time of delivery under Clause 13. These Bill of Lading Terms and Conditions apply to all claims against the Carrier relating to the performance of the Carriage, whether the claim is founded in contract or in tort, including, but not limited to, claims for indemnity and contribution.

3. Authority of Merchant

In agreeing and accepting the terms of this document, the shipper acts for itself and also each Merchant and warrants it has authority of each Merchant to bind each Merchant to the terms of this document.

4. Carrier’s Tariff; Entire Agreement; and Severability

- a. In addition to the terms herein, the Carriage of Goods is also subject to all of the terms and provisions of Carrier’s tariffs on file or published or required to be filed or published, as the case may be, with or by the Federal Maritime Commission or other regulatory body that may govern particular portions of the Carriage. The relevant provisions of the applicable tariff(s) are publicly accessible and/or will be provided by Carrier or its representatives upon request. In case of inconsistency between this document and any applicable tariff(s), this document prevails except as otherwise required by law.
- b. This document and the incorporated tariff terms constitute the entire agreement of the parties. No servant or agent of Carrier has the power to terminate, waive, or modify any term

of this document unless such termination, waiver, or modification is in writing and is specifically authorized or ratified in a writing signed by an authorized officer of Carrier.

- c. If any part of this document is rendered invalid or unenforceable, such invalidity or unenforceability attaches only to the offending provision or part thereof and the remaining part of such provision and all other provisions herein will continue in full force and effect.

5. Carrier's Subcontractors, Servants, and Agents

- a. All or part of the Carriage may be performed by subcontractors, servants and agents of the Carrier without prior notice of the same to Merchant. Carrier may freely engage such third parties in accordance with their applicable terms and conditions, which will in all events be binding upon Merchant.
- b. If the Goods are lost, damaged, or delayed on the sea portion of the Carriage, and the vessel owner or demise charterer seeks to limit its liability pursuant to 46 U.S. Code §§ 181 et seq. or pursuant to a similar limitation regime of another nation, claims or suits may only be brought against that Vessel owner or demise charterer. In all other circumstances, claims or suits may only be brought against Carrier. In the event a claim or suit is nevertheless brought against any Subcontractor, servant or agent of Carrier, that party is entitled to all exceptions, exemptions, defenses, immunities, limitations of liability, privileges and conditions granted or provided to Carrier under this document as a third-party beneficiary. The aggregate and collective sum recoverable from the Carrier, its subcontractors, servants and agents will in no event exceed Carrier's liability limit as provided by the terms and conditions of this contract for carriage.

6. Negotiability of Document and Release of Goods

- a. This Bill of Lading will be a negotiable document of title only if consigned "to order," or order of a named consignee. In all other circumstances, or in the event of ambiguity, this Bill of Lading is presumed to be non-negotiable.
- b. If negotiable, an original bill of lading, properly endorsed, is required to be surrendered when the Goods are delivered. If the person receiving the Goods wishes to take delivery without surrender of an original endorsed bill of lading, and if Carrier agrees in its exclusive discretion to deliver the Goods without such surrender, the person receiving the Goods agrees to fully indemnify Carrier against all damages and liabilities which Carrier may incur as a result of delivering the Goods without such surrender. Upon surrender of one original bill of lading, all other original bills of lading will be immediately void. Negotiable bills of lading will in all events become void as a document of title six months after date of issuance, provided the terms of this document will still apply and Carrier is entitled to all rights and limitations of liability herein.
- c. If this Bill of Lading is non-negotiable, delivery of the Goods may be made, at the sole discretion of the Carrier, to the nominated consignee without surrender of an original counterpart; such delivery constitutes due delivery hereunder. Carrier may nevertheless in its exclusive discretion, but is not required to, demand surrender of an original endorsed non-negotiable bill of lading before release of the Goods.
- d. Whether a negotiable bill of lading or a non-negotiable bill of lading, the person receiving the Goods, in any and all events, warrants their entitlement to such receipt and agrees to indemnify Carrier against all damages and liabilities which Carrier may incur as a result of releasing the Goods.

7. Description of Goods, Compliance and Inspection of Goods

- a. This document constitutes a receipt only for the external condition of the Goods visible to Carrier.
- b. Merchant warrants that, unless special carriage is requested and paid for, the Goods are fit to be carried in an unventilated, unheated, unrefrigerated Container or other stowage space and withstand condensation and container "sweat."
- c. Merchant warrants that the description and the marks, numbers, quantities, and weight of the Goods, as well as designation of Merchants, are accurate and complete and that they comply with all regulations of relevant public authorities.
- d. Merchant has the exclusive obligation to ensure, and hereby warrants, that the Goods and Merchants are compliant with all relevant law and authorities and are legally eligible for Carriage in all respects under all relevant governing laws and regulations. Merchant must further inform Carrier of any applicable licensing, reporting, or other regulatory requirement under all relevant laws and regulations prior to Carriage of the Goods.
- e. Without any obligation to do so, the Carrier has unrestricted liberty to inspect the packaging and contents of the Goods for any purpose and to inquire and verify the accuracy or sufficiency of information provided and to seek assurances. Any discrepancies may result in shipment delay, cancellation and/or additional charges assessed by the Carrier. The Carrier may disclose and report, whether on a mandatory or voluntary basis, any and all regulatory non-compliance to authorities and such authorities may exercise forfeiture and/or assess penalties against Merchant.

8. Dangerous and Hazardous Goods

- a. Carrier may accept or reject at its exclusive discretion Dangerous or Hazardous Goods offered for transportation.
- b. Merchant is required to comply with mandatory rules according to the applicable national law or international convention relating to the Carriage of Dangerous or Hazardous Goods and must inform Carrier in writing prior to tender of the Goods the exact nature of the danger or hazard and indicate to Carrier the precautions to be taken. If Carrier accepts the Goods after being so informed by Merchant or if the Merchant fails to provide such information and Carrier is unaware of the dangerous or hazardous nature of the Goods and the necessary precautions to be taken, and if, at any time, the Goods are deemed to be a hazard to life or property, the Goods may at any place be unloaded, destroyed or rendered harmless, as circumstances may reasonably require, without compensation. Merchant bears the burden of proving Carrier knew and accepted in writing the exact nature of the danger and hazard.
- c. If the Goods become a danger to life or property, they may in like manner be unloaded or landed at any place or destroyed or rendered harmless. If such danger was not caused by the fault and neglect of the Carrier, Carrier has no liability and the Merchant will defend and indemnify the Carrier from all damages and liabilities arising therefrom.

9. Limited COGSA Clause Paramount

Whether or not applicable by force of law, and except as specifically provided in this Clause 9 and in Clause 10.a, the United States Carriage of Goods by Sea Act (COGSA), 46 U.S.C. § 30701, et. seq., is incorporated by reference herein for Carriage whether the Goods are carried on or under deck, whether or not the Carriage is in U.S., foreign trade, between U.S. ports, or between non-U.S. ports, before the Goods are loaded on and/or after the Goods are discharged from the Vessel, and throughout the entire time the Goods are in the custody or are the responsibility of Carrier in performing the Carriage hereunder, whether acting as carrier or bailee. Nothing contained herein will be deemed a surrender by Carrier of any of its rights or immunities or an increase of any of its responsibilities under COGSA. Notwithstanding the

foregoing, the provisions of 46 U.S.C. §§ 30701 (3)(8) and (4)(5) of COGSA addressing minimum liability of the Carrier are excluded from incorporation by reference and only apply when required by force of law.

10. Carrier Liability

- a. Unless the shipper declares a higher value as provided at Clause 10(e), Carrier's liability is limited as follows:
 - i. for loss or damage occurring during any portion of the Carriage governed by COGSA by force of law, Carrier's liability is limited to a maximum of \$500 per package of the portion of Goods adversely affected, or for Goods not shipped in packages, per customary freight unit;
 - ii. for loss or damage occurring during any portion where COGSA is otherwise incorporated herein but is not applicable by force of law, to include periods of domestic water carriage and inland (surface) transportation, Carrier's liability is limited to a maximum of the lesser of \$500 per Package or \$0.50 per pound of the portion of Goods adversely affected;
 - iii. for error or omissions arising from agency (non- carrier) services ancillary to the Carriage, Carrier's liability is limited to its independent negligence and to \$50 per entry or shipment;
 - iv. in the event of loss or damage subject to mandatory applicable law which invalidates Carrier's otherwise applicable maximum contractual liability hereunder, Carrier's liability is limited to the lowest amount permissible by and in accordance with such applicable law.
- b. In any and all events, nothing in this document constitutes a surrender of any liability immunity or limitation inuring to Carrier's benefit under any applicable law, even if such immunity or limitation by law results in a liability of Carrier less than the otherwise applicable maximum contractual liability hereunder.
- c. For purposes of Carrier's liability, when it cannot be ascertained at what stage of Multi-Modal Transportation the loss or damage occurred, it will be presumed to have occurred during periods of inland (surface) transportation, where and to the fullest extent permissible under applicable law.
- d. For purposes of Carrier's liability, and for good and valuable consideration to Merchant in the form of the freight rate, the package or customary freight unit will be the object and unit referred to in the "No. of Pkgs." column on the face of this document and in the absence of designation in such column will be deemed to be the Container.
- e. The Merchant may avoid the liability limitations hereunder, or any other liability limitation imposed by applicable law, by unequivocally declaring the value of the Goods for liability purposes to Carrier in writing prior to Carriage and paying Carrier an ad valorem freight rate. Such declared value will only be binding upon Carrier if agreed to in writing by an authorized officer of Carrier and paying the ad valorem freight rate. Carrier's knowledge of the value of Goods and/or Merchant's declaration of the value of the Goods to Carrier in regular course or for any other purpose, such as for Customs purposes, does not constitute a declared value of the Goods to Carrier for liability purposes.
- f. In no event will Carrier be liable for special, incidental or consequential damages, lost profits or revenues or loss of merchantability of the Goods, whether or not Carrier had notice or knowledge that such may occur.
- g. In no event will Carrier's aggregate liability exceed the actual value of any loss or damage or the replacement value of the Goods adversely affected, whichever is lower. In no event will Carrier have any liability for used Goods.

- h. Carrier does not guarantee delivery of the Goods at the port of discharge or place of delivery at any particular time or to meet any particular market or use. Carrier has no liability for any direct or consequential damages arising from delay or failure to notify Merchant as to the actual arrival and/or delivery date of the Goods. In the event Carrier is nevertheless for any reason found liable for delay, Carrier's liability in all circumstances is limited to the lesser of the liability calculated pursuant to Clause 10(a) hereunder or twice the amount of freight charges Carrier billed Merchant for the Carriage. If the Goods are not delivered within 90 days of anticipated delivery date, the Goods will be deemed lost, in the absence of contrary evidence.
- i. Notwithstanding anything herein to the contrary, Carrier will in no event have any liability whatsoever for any loss, damage, delay or failure in performance hereunder arising from or attributable to:
- i. circumstances of inherent defect, quality or vice of the Goods, including but not limited to wastage in bulk or weight;
 - ii. defective or insufficient packing not reasonably fit to withstand the ordinary rigors of contemplated transportation;
 - iii. insufficiency or inadequacy of marks on or description of Goods;
 - iv. any act or omission of Merchant, its agent or representative;
 - v. unsuitable or defective container provided by Carrier if such unsuitability or defect would have been apparent to Merchant upon reasonable inspection;
 - vi. arrest or restraint by a government authority or seizure under legal process, quarantine restrictions or embargo or any act of any public authority;
 - vii. act, neglect or fault of the master, mariner, pilots or the servants of Carrier in the navigation or management of the Vessel;
 - viii. any act of barratry;
 - ix. perils, dangers, and accidents of the sea or other navigable waters;
 - x. saving or attempting to save life or property at sea or any deviation in rendering such service;
 - xi. bursting of boilers, breakage of shafts or any latent defect in hull, equipment, machinery, hawsers or lines, unseaworthiness unless caused solely and proximately by want of due diligence by Carrier to make the Vessel seaworthy or to have her properly manned, equipped and supplied;
 - xii. fire unless caused by the actual fault or privity of Carrier or its subcontractors, servants or agents;
 - xiii. any Force Majeure event defined as events outside of Carrier's control, including but not be limited to, natural disasters, strikes or lockouts or stoppage/restraint of labor from whatever cause, civil unrest, acts of war or armed conflicts and acts or threatened acts of public enemies, terrorists, pirates, hijackers or assailing thieves, embargoes, blockades, port congestion, strikes or harbor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations;
 - xiv. latent defects not discoverable by due diligence of Carrier or its subcontractors, servants or agents;
 - xv. any cause arising without the fault or privity of the Carrier, its subcontractors, servants or agents.
- j. Merchant has duty to defend and indemnify Carrier against any claim by a third party or assignee of Merchant which imposes or attempts to impose upon Carrier any liability in

connection with the Goods other than or in excess from that as provided herein, whether or not arising from negligence of Carrier, its subcontractors, servants or agents.

11. Route and Method of Transportation

Without notice to the Merchant, Carrier has liberty and discretion to consolidate the Goods with other cargoes; transfer the goods from one conveyance to another, including transshipment or carrying on a vessel other than the Vessel set forth on the front page of this Bill of Lading, or any other means of transport whatsoever; carry the Goods on or under deck; to choose or substitute the method, means, route, mode and procedure to accomplish the Carriage; and to comply with any orders or recommendations given by any government or authority or any Person or body or purporting to act as or on behalf of such government or authority or having under the terms of the insurance on any conveyance employed by the Carrier the right to give orders or directions.

12. Merchant Liability for Equipment

Merchant assumes full responsibility for and has a duty to defend and indemnify Carrier against any loss of or damage to Containers and other equipment provided by Carrier or its subcontractors, servants, or agents if such loss or damage occurs while the Containers or other equipment in the possession, custody, or control of Merchant, its agents or independent vendors engaged by or on behalf of Merchant. Merchant has a duty to defend, indemnify and hold Carrier harmless from and against any loss of or damage to property of other persons or injuries to other persons caused by Containers or the Goods during handling by, or while in the possession, custody, or control of, Merchant, its agents or any independent vendors engaged by or on behalf of Merchant.

13. Delivery

- a. The Goods will be deemed to have been delivered when they are delivered to or placed at the disposal of the Merchant or its agent in accordance with this Bill of Lading, or when the Goods have been delivered to any authority or other party to which, pursuant to the law or regulation applicable at the place of delivery, the Goods must be delivered or surrendered, or such other place at which the Carrier is entitled to call upon the Merchant to take delivery. Carrier has no liability for any direct or consequential damages arising after delivery of the Goods.
- b. The Carrier is entitled to store the Goods at the sole risk of the Merchant, and the Carrier's liability ceases upon Carrier's tender or delivery of the Goods to the appointed warehouse or storage facility. The cost of such storage must be paid, upon demand, by the Merchant to the Carrier.
- c. The Merchant must take delivery of the Goods within the time set forth in the Carrier's applicable rules tariff or as the Carrier requires. If the Merchant fails to do so, or whenever in the Carrier's sole discretion the Goods are likely to deteriorate, decay, become worthless, lose value, or incur charges in excess of their value, whether for storage or otherwise, the Carrier may, in its sole discretion, without prejudice to any rights the Carrier may have against the Merchant, and without notice and without any responsibility whatsoever attaching to the Carrier, un-stuff, sell, destroy, or dispose of the Goods at the Merchant's sole risk and expense. Any of the foregoing constitutes delivery to the Merchant under this Bill of Lading, whereupon the Carrier's responsibility for the Goods ceases.
- d. If at any time the Carriage is or is likely to be affected by any hindrance or risk of any kind (including the condition of the Goods) not arising from any fault or neglect of the Carrier, its subcontractors or agents, the Carrier may abandon the Carriage of the Goods and, where

reasonably practicable, place the Goods or any portion of them at the Merchant's disposal at any place that the Carrier may deem safe and convenient, whereupon delivery will be deemed to have been made, and the responsibility of the Carrier in respect of such Goods ceases. In such event, the Carrier is entitled to full freight fees under this Bill of Lading and the Merchant must pay any additional costs arising out of such event.

14. Freight Charges and Expenses to Merchant

- a. Freight charges must be paid by Merchant without any reduction or deferment on account of any claim, counterclaim or set-off, whether prepaid or payable at destination. Freight charges are deemed earned by the Carrier upon its receipt of the Goods. Earned freight charges are non-refundable.
- b. Freight charges and all other amounts due Carrier for the Carriage must be paid in the currency named in this Bill of Lading or, at the Carrier's option, in the currency of the country of origin or destination.
- c. The Merchant has a duty to defend, indemnify and hold the Carrier harmless for any duties, taxes, demurrage, detention, charges, liabilities or other expenses whatsoever in connection with the Goods or arising from any breach of warranty by Merchant hereunder or from any cause or reason not exclusively attributable to a liability of Carrier, its subcontractors, servants or agents. Carrier is entitled to hold and collect in escrow any amount due the Carrier in payment for any such charges.
- d. In the event Merchant breaches its warranty as to the accuracy and completeness of the description and the marks, numbers, quantities and weight of the Goods, resulting in a lower freight charge than should be due and owing carrier based upon actual correct and complete description, marks, numbers, quantities and weight of the Goods, it is agreed that a sum equal either to double the correct freight charges properly assessed based upon actual correct and complete description, marks, numbers, quantities and weight of the Goods, less the freight previously calculated or charged, will be payable as liquidated damages to the Carrier. Such liquidated damages only relate to freight charges and Carrier reserves all rights to recover from Merchant other damages caused by Merchant's breach of its warranty as to the accuracy and completeness of the description and the marks, numbers, quantities and weight of the Goods.
- e. Notwithstanding the acceptance by the Carrier of instructions to collect freight charges or other expenses relating to the Carriage from any specific person, Merchant remains responsible for such monies on receipt of evidence of demand and the absence of payment for whatever reason. Shipper, consignee and bill-to parties are jointly and severally liable for all charges and expenses related to the Carriage. Charges may be reversed to the responsible parties if the Goods are refused delivery or in the event payment is not made by the original bill-to party.

15. Lien

- a. The Carrier has a lien on any and all of the Merchant's property for all advances, claims, costs, freight charges, duties, surcharges, general average expenses, salvage expenses, taxes, demurrage, money due and payable to the Carrier by Merchant, including any lien and collection-related costs, whether or not related to the Carriage of Goods under this document, a prior transaction, an unrelated claim and/or any combination of the foregoing. The lien on the Goods survives delivery to the Merchant. Carrier may sell the Goods privately or by public auction without notice to the Merchant. If upon sale of the Goods the proceeds fail to satisfy the amount due Carrier, together with the cost and expenses incurred, Carrier is entitled to recover any difference from Merchant.

- b. If the Goods are unclaimed after 30 days from date the Goods are placed at the disposal of the Merchant, or whenever in the Carrier's judgment the Goods will become deteriorated, decayed or worthless, the Carrier may, at its discretion and subject to its lien and without any responsibility attaching to it, sell, abandon, or otherwise dispose of the Goods solely at the risk and expense of the Merchant.

16. General Average

- a. In the event of accident, danger, damage or disaster before or after the commencement of the Carriage, resulting from any cause whatsoever, whether due to negligence or not, for which, or for the consequence of which, the Carrier and its subcontractors, servants and agents are not responsible by statute, contract or otherwise, the Goods and the Merchant must contribute in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred and must pay salvage and special charges incurred in respect of the goods. If a salving ship is owned or operated by the Carrier, its subcontractors, servants or agents, salvage must be paid for as fully as if the said salving ship or ships belonged to strangers. Such deposit as the Carrier or his agents may deem sufficient to cover the estimated contribution of the goods and any salvage and special charges thereon will, if required, be made by the Goods and/or the Merchant prior to delivery.
- b. Merchant has a duty to defend, indemnify and hold harmless the Carrier, its subcontractors, servants or agents in respect of any claim (and any expense arising therefrom) of a General Average which may be made against the Carrier and/or any of its subcontractors, servants or agents. Merchant agrees to pay any and all sums or securities assessed by the General Average Adjuster for payments on account.
- c. Neither the Carrier nor its subcontractors, servants or agents are be under any obligation to take any steps whatsoever to post security for General Average or to collect security for General Average contributions due from the Merchant. Notwithstanding the foregoing, Carrier is authorized at its discretion to act on behalf of the Goods in any salvage proceeding at the sole expense of Merchant, unless Merchant arranges for separate representation.

17. Notice of Claim and Time for Suite

- a. Unless the Merchant provides written notice to the Carrier of the general nature of any loss or damage to the Goods at the time the Carrier delivers the Goods to the Merchant, such delivery by the Carrier is prima facie evidence of the Carrier's delivery of the Goods in good order and condition.
- b. Where the loss or damage is not apparent and is latent, the same prima facie presumption applies if notice in writing is not given to Carrier within (3) days after the day when the Goods were delivered to the Merchant.
- c. The Carrier will be discharged of all liability unless suit is brought against the Carrier within one year from the date of delivery or the date on which the Goods should have been delivered.

18. Mandatory Venue, Jurisdiction, and Applicable Law for Dispute Resolution

Merchant agrees that all claims or disputes hereunder or questions arising out of the Carriage of the Goods will be governed by and construed in accordance with the laws of the Commonwealth of Puerto Rico without reference to principles of conflict of laws and be subject to the exclusive jurisdiction and venue of the federal court for the District of Puerto Rico. The

Merchant and Carrier each consent and waive objection to the personal jurisdiction of and venue in such court.

19. SOLAS Weight Certification

Merchant acknowledges that it is required to provide verified weights obtained on calibrated, certified equipment of all cargo that is to be tendered to steamship lines. Shipper agrees that Carrier is entitled to rely on the accuracy of such weights and to counter-sign or endorse it as Carrier's own certified weight to the steamship line carrying the cargo. The Merchant has a duty to defend, indemnify and hold the Carrier harmless from any and all claims, losses, penalties or other costs resulting from any incorrect or questionable verification of the weight provided by Merchant or its agent or contractor upon which the Carrier relies.

20. Himalaya Clause

Merchant undertakes and agrees that no claim or allegation will be made against any person or vessel whatsoever other than Carrier, where such persons and vessels include the Carrier's servants and agents, any independent contractors (at any time) and their servants or agents, Participating Carriers (meaning road, rail, water and air carriers involved in the Carriage), and all others by whom the whole or any part of the Carriage, whether directly or indirectly, is procured, performed, or undertaken, which imposes or attempts to impose upon any such person or vessel any liability whatsoever in connection with the Goods or the Carriage, and if any claim or allegation should nevertheless be made, to defend, indemnify, and hold harmless Carrier against all consequences thereof. Without limiting the foregoing, every such person and vessel will have the benefit of all provisions herein benefiting the Carrier as if such provisions were expressly for its benefit. It is understood and agreed that if it should be adjudged that any person other than or in addition to the Carrier is under any responsibility with respect to the Goods or any other goods, regardless of the port or place where any loss or damage shall occur and without regard to whether the Goods covered hereby or any other goods are being handled or are damaged directly or indirectly during any handling, all exemptions, limitations of, and exonerations from liability provided by law or by the terms and conditions hereof are available to all agents, servants, employees, representatives, Participating Carriers (including road, rail, water and air carriers), stevedores, terminal operators, warehousemen, crane operators, watchmen, carpenters, ship cleaners, surveyors, and independent contractors (at each tier) inclusive of all persons providing any service whatsoever, regardless for whom acting or by whom retained and paid, it being always understood that such persons and vessels are not entitled to any greater or further exemptions, limitations of, or exonerations from liability than those that the Carrier has under this Bill of Lading in any given situation. The Merchant shall defend, indemnify, and hold harmless the Carrier against all claims which may be made upon the Carrier by any Participating Carrier, servant, agent, or subcontractor of the Carrier (at any tier) in relation to the claim against any such person made by the Merchant.

21. Both-to-Blame Collision Clause

If the vessel carrying the Goods (the carrying vessel) collides with any other vessel or object (the non-carrying vessel or object) due to the negligence of the non-carrying vessel or object, or their owner(s), charterer(s), or Person(s) responsible for the non-carrying vessel or object, the Merchant undertakes to defend, indemnify, and hold harmless the Carrier against all claims, liability, costs, attorneys' fees, and other expense arising therefrom, in respect of any loss, damage, or claim whatsoever of the non-carrying vessel or object.
